

SABRINA GOODBODY

Summer Learning Plan — Rising 5th Grader

Summer 2025 | Goodbody Summer Academy

WHO I AM AS A LEARNER

Sabrina is a determined, patient learner. When she works through a concept and truly gets it — she owns it for good. This summer is about building depth across all subjects and proving to herself that she can master grade-level material at her own pace.

Sabrina's superpower: she never gives up. When things click, they CLICK.

MY SUMMER ACADEMIC GOALS

MATH

GOAL	HOW TO GET THERE
Understand fractions (add, subtract, compare)	Use pizza/pie visuals, fraction strips, number lines
Decimals — read, write, compare to tenths/hundredths	Connect to money (dollars and cents every day)
Long multiplication (2-digit × 2-digit)	Grid method first, then standard; check with calculator
Basic division with remainders	Use sharing stories, then written method
Word problems (multi-step)	Read, underline key words, draw a picture, solve

READING & ELA

Improve reading speed and fluency	Timed read-alouds 2x/week; track words per minute
